

BOND ORDINANCE PASSED COUNCIL

Action Was Unanimous in Calling
Election For More Bonds.

FOR PUBLIC IMPROVEMENTS

The Ordinance, Which Originally Provided For \$110,000, Was Increased to \$115,000, and Public Hospital Included in List.

The regular monthly meeting of the municipal legislature was held Monday evening, and was a lengthy one, lasting until near on to midnight. This was due to the fact that the ordinance providing for the calling of an election for issuing bonds for public improvements was taken up, read three times, and passed. The document is a very lengthy one, and many alterations and amendments were discussed.

The meeting was called to order at 8 o'clock by Alderman Cushman, who acted as chairman pro tem in the absence of Chairman Broome, who is acting mayor in the absence of Mayor Thomas. The roll call showed Aldermen Cushman, Benson, O'Neill, Hodges and Wittstock present, also Clerk Dell.

The minutes of last meeting were read and approved, after which the board took up the payment of bills.

Alderman Benson, who was empowered at the last meeting with the privilege of prospecting for more water at the water plant, made his report. Alderman Benson stated that he had sunk three wells on the brink of the hill at Boulware spring, and was gratified to report that he had discovered an abundance of pure, cool, sparkling water, which would not only give the people better water, but more of it. After discussing the matter, it was moved and carried that the superintendent of the waterworks be instructed to install new pumps for this supply, and also to remove the power house from the valley in which it is now located to a more elevated position.

The matter of continuing the services of the sanitary inspector was brought up, and it was ordered that the inspector be retained for at least another month.

Alderman Hodges moved that the city marshal be instructed to look up a suitable place for a pound, ascertain the cost, and report at the next regular meeting of the council. This motion was carried.

This business having been concluded, the council took up the ordinance providing for the issuance of bonds for the purpose of purchasing or constructing an electric light plant, a system of sewerage, and the paving of streets, which was placed upon its first reading.

The original ordinance provided for \$110,000, but was increased to \$115,000, the \$5,000 additional being for the purpose of constructing a public hospital.

The ordinance having passed its first reading, upon motion the rules were waived, passed upon its second and third readings, and approved, with proper amendments.

The hour being late, the council adjourned until Thursday evening, September 7th.

Card of Thanks.

Editor Sun: Will you please allow us space in your columns to heartily and sincerely thank the good people surrounding our place of abode for the kindness they showed us during the recent illness and death of our darling little Louelle.

May they so live that in the hour of death God's richest blessing may rest upon them, as it did on the darling so dear to us.

Mr. and Mrs. A. M. CATRICART.
Alachua, Sept. 4th.

The Evinston School.

The Evinston school, under the direction of Miss Vallie Grace, opened Monday under most favorable conditions, a good enrollment having been recorded the first day. Miss Grace is one of the most popular and most efficient teachers in the county, and will no doubt make a fine success of the Evinston school.

A LIVELY GAME THIS WILL BE

The Fats and Leans Will Show
Enthusiasts a Thing or Two

ABOUT THE NATIONAL GAME

Hon. H. S. Chubb, One of the Leading Authorities on the National Game, Will Umpire—Proceeds Will Go to Cemetery Association.

As was announced in The Sun of yesterday, the Fats and Leans will line up on the local diamond this afternoon at 3:30, and propose to give the people an exhibition game which will be worth going many miles to witness. The game will have a liberal sprinkling of ginger, and promises to be the hottest and most exciting ever seen on the Gainesville diamond.

The fact that Hon. H. S. Chubb, who is authority on the National game, will umpire, is an assurance that everything will be fair as far as he can see it. Col. Chubb does not possess a gun, and requests some friend who is willing to accommodate him with the loan of one for this occasion. He would also like to borrow a bull-dog, and promises to return the canine if he (the dog) is alive at the end of the contest.

This game will be pulled off for the benefit of the Cemetery Association, and it is hoped a large crowd will be present to enjoy the afternoon and help a good cause. The game will be called at 3:30 o'clock. The admission will be 25 and 15 cents.

Mrs. H. H. McCreary, president of the Cemetery Association, made a canvass of the city yesterday, called upon the merchants, and requested them to close their respective places of business at 3 o'clock until after the game, in order to allow themselves and employees an opportunity to witness the game. The request in each instance will be complied with. Mrs. McCreary states that there are a few merchants she was unable to see yesterday, but will consult them this morning. She entertains no idea but that they will consent.

The following will be the line-up of the two teams.

Fats—H. E. Taylor, H. A. Ford, Joe Ettel, Tom Stevens, L. J. Burkhim, M. B. Saunders, D. V. Morris, E. C. Cobb, Peti Parnell, Fred Sewell, Lee Graham, C. F. Jenkins.

Leans—Will McKinstry, Gordon Tison, E. A. O'Neill, W. W. Colson, J. A. Goodwin, B. Tench, John Seagle, Percy Parnell, J. M. Dell, B. F. Miller, J. K. Abrams.

TEACHERS' EXAMINATION.

Examination of Applicants for County Positions Began Tuesday.

The examination of applicants for positions as school teachers in Alachua county began Tuesday morning, under the general supervision of County Superintendent Dr. J. L. Kelley.

The examination of white applicants is being conducted at the Seminary, under direction of Miss Serena Shannon. There are thirty-one applicants.

There were only two applicants in the colored department, the examination being conducted in Union Academy by Prof. M. H. DeLand.

Superintendent Kelley stated that the examinations will last four days, and the report of the grading committee will probably be made Saturday.

JUDSON JOTTINGS.

The Cotton Crop is Earlier Than Usual—Personal Notes.

Judson, Sept. 5.—Mrs. R. P. Miller of Jonesville is here visiting her sister, Mrs. R. S. Tucker.

Mrs. T. R. Pickett and son, Gavin, of Half Moon are here visiting relatives.

H. A. Pickett of Jonesville was here Monday, and he went from here to Trenton on business.

The farmers are very busy picking out cotton. Some report that two-thirds of the crop is now open. It is about fifteen days earlier than usual. The gins will commence next week at Trenton. The gins here won't run this year.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

DO WE TALK TOO MUCH?

A Plea For Enough Silence to Enable Us to Think.

In the United States we are prone to talk too much. We do not sufficiently appreciate the value and beauty of silence.

During the after business hours, at the lunch and dinner table we talk on and on without ceasing, as though there was nothing worth thinking about. We invented the first talking machine, and no American is considered properly equipped unless he can talk at all times and upon all subjects.

Information must be imparted and ideas exchanged; it is essential to mental companionship and develops our faculties of expression. But there is no necessity for the endless and eternal talk in which so many of us indulge.

There is a great force and value in silence. It enables us to think. It forms and expresses character. The great men of the world were relatively silent men; they talked only when they had something to say, and the greatest of them said but very little.

We should study the beauty of silence and develop our thinking power rather than our talking power.—Chicago Journal.

The Bridal Wreath.

The bridal wreath is usually formed of myrtle branches in Germany; it is made of orange blossoms in France as well as our own country; in Italy and the French cantons of Switzerland it is of white roses; in Spain the flowers of which it is composed are red roses and pinks; in the islands of Greece vine leaves serve the purpose and in Bohemia rosemary is employed. In German Switzerland a crown of artificial flowers takes the place of the wreath.

The Sequel.

"When I saw her last she seemed to have fallen in love with him."

"Oh, yes, but that was some time ago. She's suing him now for breach of promise."

"Trying to get damages for the fall, eh?"

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.
